

Mr. Frédéric Dugré, from St-Augustin-de-Desmaures, Québec has been appointed to the Board of Trustees of the Canada Science and Technology Museum Corporation

OTTAWA, April 18, 2008 – Frédéric Dugré from St-Augustin-de-Desmaures, Québec, has been appointed by the Honourable Josée Verner, Minister of Canadian Heritage, Status of Women and Official Languages, as part-time member of the Board of Trustees of the Canada Science and Technology Museum Corporation.

Mr. Dugré holds a degree in mechanical engineering from Université Laval, Québec. His partnership-building skills and commercialization of new water treatment products have contributed to the growth of H₂O Innovation, a company he co-founded and for which he serves as President, and Chief Officer of Operations.

Mr. Dugré has been appointed as trustee for a term of four years.

The Canada Science and Technology Museum Corporation is responsible for preserving and protecting Canada's scientific and technological heritage and promoting and sharing knowledge about that heritage. The Corporation and its three Museums – the Canada Agriculture Museum, the Canada Aviation Museum and the Canada Science and Technology Museum – tell the stories of Canadian ingenuity and achievement in science and technology and demonstrate how these accomplishments have contributed to the building of our country. The Corporation's Web site address is www.technomuses.ca.
